Verifiable CPD for **EVERYONE** in your practice including core & recommended subjects

Your
Whole Team

CPD4 DCPs

CPD 4 DCP's - The complete verifiable CPD program for **ALL Dental Care Professionals.**

CPD is now compulsory for all Dental Care Professionals and it is the practice owner's responsibility to ensure that all DCP's working within their team, are compliant with CPD requirements.

CPD 4 DCP's is a specially developed, verifiable, CPD program that enables each member of your dental team to complete one year's verifiable CPD requirement, in an extremely cost effective and time efficient manner, **including all core and recommended subjects.**

This unique CPD study program has been specially designed for multi-use, so that just one volume can be used by all the CPD's in the practice. Enabling all of them to obtain 10 verifiable CPD hours, including **core subjects** from the same single volume. No matter how many DCP's you have in your practice, a single CPD 4 DCP's volume covers them all. In fact the more DCP's you have the more cost effective this program becomes.

CPD 4 DCP's is a modular learning program that provides DCP's with their complete full verifiable CPD requirement of 50 hours, over a 5 year period. Written by leading experts in oral health, each CPD 4 DCP's volume is presented in a handy binder that contains: 10 individual study exercises of 1 hour each, questionnaires and third party certification process.

- Just one volume per practice per year
- 10 hours verifiable CPD including **core subjects**
- Ongoing modular learning program
- The whole team learning from the same information at the same pace
- Saves time & money
- Can be used by GDP's

The Program

Volume Three

CPD 4 DCPs is a specially developed, modular study program for Dental Care Professionals. Produced in 5 annual volumes, each volume provides 10 hours of verifiable CPD.

A unique feature of this program is that it has been specially designed for multiple use across the practice. Just one pack provides 10 hours of Verifiable CPD, including core subjects for all your DCP's, regardless of how many work in the practice. In addition Dentists can also use the pack towards their own CPD requirements.

For any CPD activity to qualify as verifiable it must have:*

- Concise educational aims and objectives
- Clear anticipated outcomes
- Quality controls
- Documentary proof of participation *GDC 2007

The CPD 4 DCPs study program meets all four of these criteria. Each volume contains 10 specially written study articles by leading experts in their fields, accompanying question and answer exercises and feed back form.

Each exercise represents 1 hour of verifiable CPD. Each person undertaking CPD must read and consider each study article and then answer the questions that have been carefully constructed to ensure that full comprehension of the exercise is established.

Once all 10 study programs have been undertaken, take a copy of the answers for your records and submit the original, completed answer sheet to Purple Media Solutions to be checked for accuracy.

If all questions have been answered correctly, the participant will receive a certificate to verify their successful completion of the study course. Should any questionnaire be less than 90% correct by the adjudicator, your questionnaire will be returned with the errors highlighted. You can then review the study article and answer the incorrect question/s again and resubmit the form. If all the answers are correct, a verification certificate will be provided.

Please note there is no limit to the number of resubmissions, nor is there any additional charge made.

Each DCP 4 CPDs volume contains the following study articles:

- 2 hours on Medical Emergencies (Core Subject)**
- 1 hour on Disinfection & Decontamination (Core Subject)**
- 1 hour on Radiography & Radiation (Core Subject)**
- 6 hours on key dental topics including recommended subjects, complaint handling and legal & ethical issues**

Authors include: Cathy Stillman-Lowe, Mike Wanless, Dr Margaret Kellett, Richard Musgrove, Glenys Bridges,

Each volume is supplied in its own specially designed binder that contains 10 study articles, 5 questionnaires, feed back forms and storage for the accreditation certificates.

I would like to order CPD 4 DCPs Volume Three at £275 + vat

I would like to order CPD 4 DCPs Volume Two & Volume Three at £499 + vat
